

Irma District

Irma District is one of the best mixed farming districts in the West. Good soil, good water, good grass, good railroad facilities and good people. Boost for your district. Plenty of good farms waiting for development.

SMALL SUBSCRIBERS MUST BE MANY TO MAKE VICTORY * LOAN AN ABSOLUTE SUCCESS

Number Of Investors Shows
That Proposition Is Very
Attractive

PURCHASING MORE
SUBSTANTIAL BONDS
ON PRESENT ISSUE

Banks Will Gladly Lend the
Necessary Funds to
Buyers

TORONTO, Nov. 5.—E. R. Wood, chairman of the dominion executive of the Victory Loan, made the following comments on the success of the campaign to date:

The campaign is now practically half finished. The success to date has been due in large measure to the fact that investors who have so far purchased bonds have bought more than they did in previous loans. The number of subscribers is as yet below the number who bought bonds up to the same time last year. The fact that experienced investors, large and small, have subscribed early and have taken more bonds than ever before, indicates that they recognize the attractiveness of the Victory Loan 1919, as an investment as well as appreciating the patriotic necessity of cleaning up our war obligations and maintaining Canada's prosperity.

The Total to Date.
The total subscriptions reported so far aggregate \$208,000,000, which is a satisfactory result for the time elapsed. It must be remembered, however, that this total includes a very large proportion of the big subscriptions available, and in order to make a success of the loan it

will be necessary, as in previous campaigns, that the medium and smaller subscribers shall come forward in very great numbers. It is only necessary for those who have not yet subscribed to the loan and who are able to do so to subscribe on the relative scale as those who have already bought bonds, in order to insure success.

An Attractive Proposition.
The rate of interest carried by the banks, namely, 5% per cent., is the same as on the loans issued in the dark days of the war, all of which loans are selling at substantial premiums. As a matter of fact this new loan is particularly attractive from the standpoint of the small investor, and one of the greatest features of the campaign has been the readiness with which the employees of industries have taken the loan, where they had the experience of buying previous loans. For instance, one institution, the employees of which last year turned in the splendid total of \$500,000, had no difficulty this year in securing from their 3,300 employees, of all ages and ranks, a total of \$1,000,000, an aggregate subscription of \$1,000,000, or an average of more than \$300 per man, and every employee of the institution a subscriber. This result is attributed to the satisfactory experience of the workers with the previous loans, which enabled them to accumulate money which would not otherwise have been saved.

Buy to the Limit.
This is Canada's first financial war effort and it is not only good business but good patriotism for every Canadian to become the owner of a Victory Bond. Let every man and woman in Canada buy bonds to the limit of their present resources and prospective savings of the next ten months. The banks will gladly lend the necessary funds.

NOTICE

I, Mrs. H. Wilson, see 7-46-8-4 Irma, Alberta, give notice, that legal proceedings will be taken against anyone uttering slanderous statements concerning me or my husband. Signed,
Mrs. H. Wilson.

To Whom It May Concern.

Rumors have been circulated that I have said that Mrs. H. Wilson had been drunk and drinking. I wish to deny any such rumor as I have never seen Mrs. Wilson under the influence of liquor or drinking.—J. H. Elliott.

Attention.

A big Community Bazaar will be held in the Co-op hall on Saturday afternoon and evening, November 29th. As the proceeds are toward paying of the debt on the Church property we are asking everyone in the district to donate something, anything from a needlebook to a feather bed, a head of cabbage to a load of wheat. Please leave donations at the parsonage, or the home of the Secretary, Mrs. G. A. Tripp, 3rd Ave East.

Coal Shortage.

About forty farmers were in town last Saturday looking for coal but had to go home empty. Two cars of coal had been billed to the local dealers earlier in the week but for some unknown reason did not arrive. One car that arrived late Saturday night was practically cleaned out by Monday noon.

Sunday Services.

Births.

A bouncing baby girl came to gladden the hearts of Mr. and Mrs. Matheson on Saturday, November 8th, and intends to remain indefinitely. Mother and daughter doing well.

Armistice Day, Tuesday, November 11th, has taken on a new and added joy to Mr. and Mrs. W. L. Mildon, when a boy arrived at their home. Mr. Mildon is a returned man and recently bought out the garage, and will have a mechanic to aid him in the business in a few years.

Death of Mrs. W. Eaton

The following clipping from the Brockville Recorder gives news of the death of an old time resident of the Irma district. Mr and Mrs W Eaton homesteaded south of Irma in the early days and retired and moved to the east about 1914. Her two sons Ross and W. O. Eaton are still residents of the district and we join with them in extending our sympathy on the sad bereavement. W. O. Eaton was on the way east to see his mother when the word reached here that she was dead.

After being in poor health for upwards of a year, the death occurred on Friday of a very highly respected resident of Lyn in Mrs. William Eaton. The deceased was a daughter of the late Mr. and Mrs. David Tennant, of Caintown, leading residents of the township of Yonge. She was born there and was in her sixty-first year. Several years ago she was married to Mr. William Eaton who survives together with two sons and two daughters. They are Messrs. Ross L. Eaton and Wm. O. Eaton, both in Alberta and Mrs. Joshua Humphrey, Landseowne, and Mrs. Arden Clow, Yonge Mills. She also leaves two brothers, Messrs. Eli Tennant and Ira Tennant, both of Eaton, and Mrs. Z. Parvia, Lyn, and Mrs. John Heribson, Regina, Sask.

She was a Methodist in religion and a member of the Lyn church. She was a woman who never tired of doing good, and was a Christian in the highest sense of the term. She has passed from this world but her many good deeds and sterling character will long remain after her.

Armistice Day.

The following was issued by Sir George Foster, acting prime minister, in regard to Armistice Day, November 11th:

"The government of Canada earnestly requests the people to observe the wishes of his majesty the king that on the morning of Tuesday, November 11th, at the hour of 11 o'clock, there be a suspension of normal activities for the space of two minutes and that for this brief space the thoughts of everyone be concentrated in reverent memory upon the deeds and sacrifices of the brave men, who fought the long fight for freedom and gained for us and humanity the glorious victory which resulted therefrom. In this way we shall honor our dead and mark our appreciation of the sacrifices of the living."

We are glad to report that Mr. J. G. Clark is out of the hospital. Mr. Clark has been confined to the hospital for several weeks and his many friends will be glad to hear he is around again.

The stork paid a visit to the home of Mr. and Mrs. C. J. Knudson last Saturday morning leaving a nice healthy eight pound boy. Both are doing nicely.

Talking about the weather, which is the chief topic of conversation in all polite circles, did you notice where the lightning struck an oil tank and burned up the whole town? Give us the snow every time.

A current events club has been started in a neighboring town. Just a camouflage for gossip, as it were.

Well, anyhow, we can't blame the weather on the government.

Masquerade Dance.

There will be a masquerade dance held in the Orbindale school house on Friday, November 21st. Everybody welcome. Gents bring ladies and ladies bring cakes. 11p

The Weather.

Alberta has experienced an exceptional spell of cold weather the past month. Mid-winter weather is quite unusual at this time of the year and a break has been looked for every day, and yesterday the long looked for change arrived much to the delight of everybody. Farmers have had to start to feed their cattle about six weeks earlier than usual which is going to make the supply very low before spring opens up. However, predictions are that it is going to be a mild winter, and we hope the prediction is true, otherwise the stock in the country are sure to suffer.

W. B. Peterson left for Winnipeg last Monday with 8 cars of cattle. G. A. Tripp accompanied him.

The funeral of the infant son of Mr. and Mrs. John Boyce, of Kinsella, will take place at Irma today.

The sewing circle will meet with Mrs. O. Eaton next Tuesday. Everybody come please.

The Ladies Aid will meet at the home of Mrs. Tripp on Nov. 19th. We expect every lady to turn out to make plans for the big bazaar on November 29th.

KINSELLA

Olaf Overbo, formerly of this district, who has been making his home in the states for the past five years returned home last part of the week from Iowa. Olaf has done considerable traveling thru the different states but after all, he says, he is satisfied that the Kinsella district is as good as any. He stands six feet three inches in height and weighs over two hundred pounds.

Owing to the early snow and continuing cold weather, people in this district are fearing scarcity of feed for their stock for the winter, and a good many are pushing their cattle on the market whether they are fit or not.

Born to Mr. and Mrs. J. J. Overbo, October 31st, a baby girl.

Building operations at Kinsella are at a standstill owing to the cold weather and we are patiently waiting for a warm spell so we can resume work again.

J. J. Overbo is improving from the effects of his burns recently while his house burnt, and hopes to be well again in the near future.

Miss Hilda Skorie has accepted a position in the Kinsella hotel.

Mr. and Mrs. J. Alten of the Kinsella hotel, have returned home from their honeymoon trip to the east. We all join in wishing them much joy and happiness in their new adventure.

U. F. A.

Owing to A. A. Dickson's Sale and the cold weather the monthly meeting of the UFA was not held. A special meeting will be held on Saturday of this week. Feed and other matters will be discussed.

Drastic Regulations To Conserve Fuel

Chicago.—New restrictions on the use of soft coal are announced. In some localities orders were more drastic than during the war, but the general situation showed little change.

While production in West Virginia and Colorado were reported increased, there was no noticeable change in the ranks of the 425,000 striking miners.

Sixty-six trains were annulled by the Chicago and Northwestern and the Chicago, Milwaukee and St. Paul railroads.

Indiana's public service commission took the most drastic action in the domestic fields. It decreed lightless streets, discontinuance of electric signs, coal gas for heating and other advisable restrictions of service by public utilities, with less than a two weeks' supply of coal.

With calls for assistance from communities suffering from a coal shortage growing more numerous, the railroad administration turned loose every available car to meet the appeals made for fuel.

Orders went to regional directors of the nation's railroads from Director-General Hines, to eliminate train service where absolutely necessary in the public interest, but it was officially announced that no general curtailment of service was contemplated.

Russian Government Must Change

Allies Will Continue Economic Pressure Till Democratic Government Is Formed

London.—The present measures of economic pressure on Russia "will continue until a democratic government is established in Russia which can be recognized by the allies, according to a statement made in the House of Commons by Under Secretary for Foreign Affairs Harmsworth.

Germans Defeated at Libau

Troops Were Supported by Light and Heavy Artillery and Armored Train

Copenhagen.—German troops, presumably belonging to Col. Avaloff-Bernhardt's forces, supported by heavy and light artillery and an armored train, attacked Libau, but were driven off by Lithuanian troops, who were supported by British artillery, according to a dispatch received by the Lithuanian press bureau.

In the afternoon a German airplane dropped proclamations on the city. After a prolonged bombardment by the enemy artillery, a new violent offensive was launched in the evening. It was repulsed by the Lithuanians.

Wounded British Sailors

London.—Wounded British blue-jackets aboard the British hospital ship Princess Margaret have arrived at Copenhagen from Riga, the Lithuanian reports. They are from the British cruiser Dragon, which was hit by a German shell, killing nine and wounding four men.

U.S. Thanksgiving Day

Washington.—President Wilson has set aside Thursday, November 27, as Thanksgiving Day, in a proclamation, which said the country looked forward "with confidence to the dawn of an era where the sacrifice of the nations will find recompense in a world at peace."

Labor Decides on Hours of Work

Washington.—After nearly five hours of constant fighting, the international labor conference adopted the 48-hour week convention of the organizing committee as a "basis for discussion." But as to exactly what that means the delegates are not agreed. Does adoption of the motion confine discussion to the application of the 48-hour week, or will amendments be admitted for a maximum eight-hour day and the 48-hour week? That is the question all sides are asking.

The vote came on a motion presented by Mr. Barnes, British government delegate, that "the draft convention prepared by the organizing committee be adopted by the conference as the basis for discussion,"

Restoration of Ruined France

Plenty of Work for Every Idle Man in Europe During the Next Eight Years

Berlin.—Work for all the unemployed in Germany for the next eight years will be provided in restoring the ruined mines of Northern France, says Vorwärts. This opinion is based upon the report of the German mining commission sent to Germany recently to ascertain the extent of the damage and which has just made public its findings.

"The task," says the newspaper, "is so great that it is sufficient to furnish work for every idle man in Europe and for everyone else engaged in superfluous labor."

"The reports show the fallacy of the theory that emigration of ten million to fifteen million persons from Germany is an economic necessity."

Amend Temperance Act

Saskatchewan Minister Informs Grain Growers That Act Will Be Changed

Saskatoon.—Criticism levelled at the government with respect to the alleged laxity in the operation of the Saskatchewan Temperance Act drew forth a pledge from Hon. George Langley, minister of municipal affairs, that the government would introduce legislation to enforce or amend the Act at the coming session of the provincial legislature, at the concluding meeting of Districts 6 and 16 of the Saskatchewan Grain Growers' Association.

Riots at Sale of Army Goods

Ten Thousand People Storm U. S. Armory; One Woman Dead

Buffalo, N.Y.—One woman is dead, a score were injured, and a score of others faint as the result of a riot when a crowd of ten thousand stormed the doors of the Sixty-fifth Regiment armory here. The crowd had gathered for the opening of a sale of United States army goods. The dead woman is Mrs. Emma Baumeister, 65 years of age, who fainted in the rush and died in an ambulance on its way to a hospital. The injured were jammed up against the rough stone surface of the armory and many were badly cut.

Operations on Coast of Allucemas Madrid.—Operations by land and sea for the subjugation of the rebels on the coast of Allucemas, Spanish Morocco, are being planned by the government. The captain-general of Morocco arrived in Madrid to confer with officials over the contemplated attack.

180 Gallons of Liquor Seized

Winnipeg.—Fifteen boxes containing 180 gallons of liquor, valued at \$2,800, consigned to Brown Brothers, Winnipeg, were seized at the Union station. Officials said the seizure was in line with the campaign launched a month ago against the "bootleggers' trust."

Ham Prices Drop

Quebec.—A sudden slump of eight cents in the price of cured and uncured ham agreeably surprised Quebec housewives. This sudden decline is due to the order from the government. Bacon also has suffered a decline of about 6 to 8 cents per pound.

Judgment Reserved On Pork Prices

Decision of Board of Commerce on Packers' Protest Will Be Announced Shortly

Ottawa.—The decision of the Board of Commerce as to whether the price prevailing on March 10 for pork products will apply at the present time or not will be made in writing shortly. After hearing representations from the packers, who are seeking to have the board rescind its order fixing prices at the March level, Commissioners Robson, O'Connor and Murdoch reserved judgment. Commissioner Murdoch stated to J. S. McLean, representing the Harris Abattoir company, his firm conviction that the packers and not the farmers fixed the price of livestock. This contention Mr. McLean disputed.

Imperials to Pass Through Canada

Veterans of Winnipeg Are Planning Reception for Them

Winnipeg.—In a day or two, three thousand British soldiers will be passing through the West on their way home from Siberia. They will arrive at the coast on the Montague. As this is the largest party to come across Canada, Winnipeg returned soldiers and their auxiliaries are going to meet them with some cheer as a mark of appreciation of the worth of the imperial army to the Empire.

Fuel Is Held Up

Coal Shipments From U.S. to Be Allowed Firms on Priority List

Toronto.—Although coal consigned to Canada has been held up at the border, H. A. Harrington, Ontario fuel administrator, had been advised that shipments will be permitted to come forward for industries on the priority list, which are in immediate need.

Mr. Harrington has received the following message from Washington in this connection: "The United States Railroad administration has seized all coal on wheels, which has been sidetracked pending distribution under priority schedule. The director of purchases of the United States railroad administration will have charge of the distribution. It is essential that you get absolute proof that the preferred industries are in immediate need of coal upon receipt of which information the administration will take up the advisability of immediate release to preferred industries, according to priority list."

Sentenced to Death

Winnipeg.—Yuri Stoychik, of Starbuck, charged with the murder of his employer, John Kohut, by poisoning, last February, was found guilty by a jury at the assize court here and sentenced by Judge Galt to be hanged at the provincial jail on January 29, 1920.

Premier Supports Viscountess Astor

Plymouth.—Lady Astor has received the personal endorsement of Premier Lloyd George in her candidacy for a seat in the House of Commons from the Plymouth district. The Premier, it was announced, has sent her a letter of encouragement and a promise of his hearty support.

French Defeat Turks

London.—Turkish forces have been defeated by French troops in Angora (in Asiatic Turkey, 200 miles east of Constantinople), according to a Constantinople dispatch. The Turks delivered a heavy attack, but were repulsed after several hours' fighting. The French hospital train also was reported to have been attacked by troops under Mustafa Kemal.

50 Schooners for Dominion Govt.

Victoria.—It is reported here that the Dominion Government plans to place contracts for fifty wooden schooners with British Columbia shipyards. According to the report, 25 of the ships will be constructed at this port and the other half will be turned out by yards on the mainland.

Peace Treaty Effective November 28

Paris.—The treaty of Versailles and the peace settlement with Germany will become effective, it is asserted in well-informed circles, on November 28. The signature of the protocol and the exchange of ratifications between Germany and such allies powers as have then ratified the treaty will take place on that date, it is reported.

W. N. U. 1289

Metal Workers Of Berlin Strike

Minister of Economy Refuses to Intervene in View of Strike Order Being Issued

Berlin.—The metal workers proclaimed a general strike. The minister of economy had intended to offer mediation between the men and the employers, but he has announced that he will not intervene in view of the order to strike.

The strike is nearly general, although three thousand workers of the Siemens-Holste plant returned to their jobs. The strike is said to have been called in violation of rules in the metal workers' union, which require a two-thirds majority of the workers on a vote to decree a general strike.

Says Car Situation is Bad

Prof. W. J. Elliott Also Denounces Conditions at Calgary Stockyards

Calgary.—Describing the car situation in the province as "awful," Professor W. J. Elliott, of the U.G.G., dealt strongly with the situation at the U.G.G. secretaries convention. He also denounced the conditions at the stockyard here, stating that the cars were "crammed" to the point of being "crushed."

Discussion of the business and condition of the U.G.G. also occupied some time. Further criticism of the condition of the organization was heard, and it was stated that the financial condition of the company was none too good, and that were the company to close down now it would show a loss of a quarter of a million. Officials of the organization claimed, however, that this did not represent the true condition of the company. The opinion was strongly expressed during the session that the company should trade on the basis of a wholesale concern. It was stated that the entire wheat crop of Alberta was about five million bushels, and officials said that the company could handle every bushel that did not go back into the ground or was fed to stock.

No Coal For Foreign Ships

Order Is Issued By U.S. Railroad Administration Committee to Conserve Fuel

Washington.—Instituting the first general curtailment in coal transportation as a conservative measure, the railroad administration central coal committee ordered discontinued the bunkering of foreign-owned vessels in American ports.

United States owned ships and vessels flying the American flag will continue to receive fuel supplies as usual for the time being, it was said, all other vessels would be compelled to wait the end of the bituminous miners' strike.

New York.—There are 210 ships in the port of New York affected by the order of the railroad administration central coal committee regarding discontinuance of foreign tonnage bunkering. Many of these, however, are British vessels, which it is believed, will be able to proceed to Halifax for coal.

Objects to Prohibition

New Jersey Governor-Elect Declares That People Voted Against Measure

Jersey City.—Governor-elect Edward I. Edwards has announced that he would use all lawful methods to prevent prohibition in New Jersey. For its enforcement by the federal government, I shall not be responsible, he said. "I construe my election as an indication of the feelings of the people of this state concerning national prohibition. They are unqualifiedly opposed to it. Holding their mandate, I shall use all the lawful methods to preserve inviolate the sovereignty of the people."

Distress on Lower St. Lawrence

Quebec.—Reports of distress have been received here from points in the lower St. Lawrence, on the north and south shores, especially on the Gaspe coast and at Esquimaux point. Merchants here have had shipments of supplies which they cannot send out, as there are no vessels available. An application has been made to the government to have the steamer Montcalm make several trips to the lower St. Lawrence to deliver supplies to the people before the close of navigation.

Prince Drives Own Train

Moscow.—Mr. Flavell, twenty miles west of Tientsin, the Prince of Wales boarded the locomotive of the Canadian Pacific railway train and personally drove the train into Tientsin.

Over A Thousand Huns To Be Tried

Revolution in Printing

New Inventions May Do Away With Type Composition

New York.—Perfection of a process which will take the place of printing and engraving was predicted as a direct result of labor difficulties in the publishing business here, by Roger W. Allen, former president of the New York business publishers' association, who predicted that new machinery would soon do away with all type composition.

Inventors have been busy on new devices and combining the use of old ones, said Mr. Allen. The magazines will not look to the undisturbed particularly different from issues formerly produced, he added.

Gale Sweeps Superior

Vessel Is Severely Damaged By Heavy Storm

Sault Ste. Marie, Mich.—A stiff northeast gale sweeping Lake Superior severely battered the steamer North Star, which came down the river, covered with snow and ice. The North Star, a Great Lakes Transit Company vessel, is the first ship this season to appear here with such a storm. Her starboard rail was stove in and she had lost almost her entire deckload of shingles. No other reports of vessels caught in the storm have been received here.

Million Bushels of Potatoes Frozen

Winnipeg.—According to official figures made public by the department of agriculture, about one million bushels of potatoes have been frozen in the ground, meaning a loss of about a million dollars. This is a material reduction from the figures given out a few days ago, but the estimated yield this year was only five million bushels, or two million less than last year.

Last Dependents to Leave England

London.—Eight ships between them will carry 2,000 Canadian dependents this month, which will complete this class of traveler. The first two parties to be conducted to Canada will be domestic servant emigrants, each numbering about a hundred. They will leave during the month.

Crime Conditions in Chicago

Chicago.—In addressing the Chicago association of commerce, Edwin W. Sims, president of the Chicago crime commission and former United States district attorney, declared that Chicago, with its population of 5,000,000, has more murders in a year than England.

Dublin.—Ernest Blythe, member of the Sinn Fein parliament, who was arrested during a raid on Sinn Fein headquarters September 12, and later was sentenced to one year in prison, was released from prison after having been for five days on a hunger strike. Blythe was taken to a hospital.

British-Chilian Treaty

Washington.—Great Britain and Chile have ratified the arbitration treaty, negotiated some months ago, the state department has announced. The treaty is to continue in force for five years, and automatically extends itself until a year after notice of intended termination by either government.

Enemy Delegates' Passage Arranged

Washington.—The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Government Rejects Offer of Miners

Plan Merging Agencies

Dominion Employment Bureau May Supplant All Others

Vancouver, B.C.—The World says: "A move is on foot to place all governmental employment agencies throughout Canada under the supervision of the department of civil establishment. This would mean that the Dominion employment bureaus now operated here would be operated from the S.C.R. offices under the direction of the unit commander in British Columbia, and to complete the scheme as it has been mooted the provincial authorities would be asked to come into line and merge their employment services with the soldiers' organization."

Many a man seems dead to the world when he is buried in thought.

Brussels.—Copies of the legal evidence upon which the surrender of 1,200 Germans to stand trial for offences committed in Belgium during the German occupation will be demanded, have now been forwarded to the peace conference at Paris. The indictments are principally based upon the executions of the Belgian civilians at Louvain and other towns, upon the executions of Belgian workmen, upon the forced labor exacted from prisoners of war, upon the treatment of young men who attempted to cross the frontier to join the Belgian armies, and upon instances of pillage.

First Meeting of Peace League

Date Has Not Yet Been Fixed For Gathering

Paris.—The first meeting of the council of the League of Nations will be held in Paris, the supreme council has decided. It did not, however, fix a date for the gathering. It was agreed that the council of the world body should consider at this meeting only matters which must be passed upon immediately after the formal ratification of the German peace treaty.

The supreme council discussed its own uncompleted work preparatory to deciding upon exactly what questions must be passed upon before the peace conference ends.

Kaiser is Well Punished

King George Gives Missionary Views of ex-Emperor of Germany

London.—King George gave his view of the former German emperor in the course of an audience with a missionary from Armenia, Archibald Ford.

When the missionary told the story of his captivity of four years, saying that the troubles had all been instigated by the Germans, the King replied: "Well, they are finished now. The Kaiser has had to run away from his own country. He is well punished for all he did."

Rounding Up the Bolsheviks

London.—Headquarters bulletin from Gen. Denikin, received here by wireless, claims that Cossack troops captured 35,000 Bolsheviks between October 17 and 27. The troops of Gen. Denikin's volunteer army in the meantime took 20,000 more. The communique asserts that entire divisions of Bolshevik troops are being put out of action daily.

Victory Loan Popular in U.S.

Toronto.—United States citizens have a keen appreciation of the value of Victory Bonds. Subscriptions from the other side of the border up to a few days ago totalled \$27,281,550, two millions more than was collected last year in the entire campaign.

Enemy Delegates' Passage Arranged

Washington.—The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Government Rejects Offer of Miners

Washington.—Organized labor's proposal for ending the coal strike through withdrawal of injunction proceedings against officials of the United Mine Workers of America was bluntly rejected here by the department of justice.

The government's answer to the union's suggestion, advanced by Sam Gompers, president of the American Federation of Labor, was given by Assistant Attorney General Ames, who declared the strike in itself was a violation of the law, and that as long as it continued the only place to fight it out was in court.

The labor leaders were visibly disturbed by this refusal, and agreed with the operators on one point—that the statement of the government's position swept away all hope of immediate settlement of the strike, involving more than 400,000 soft coal miners, in twenty-eight states.

Yearly Ceremony to be Held

The "Journal Officiel," the French Government organ, has published the text of a law providing that in every commune in France a ceremony shall be held yearly on November 1 and 2 in memory of the soldiers who fell during the great war.

Is It?

Teacher: "An epidemic is something which spreads. Now, David, can you tell me an epidemic?"

David: "Please, mum, jam!"

It is a curious fact that, notwithstanding its thickness, the elephant's skin is very sensitive.

READY TO SERVE CLARK'S CANADIAN BOILED DINNER JUST HEAT AND EAT

W. CLARK LIMITED MONTREAL

King Albert And The Reporters

Taught Representative of the Government A Lesson

Attention is drawn by the Omaha Bee to a little incident occurring at a New York railway station which it regards as of some importance and significance. King Albert of Belgium was about to depart on his continental tour when certain newspaper reporters sought to speak with him. The Third Assistant Secretary of State, from Washington, refused permission, but the king wasted no time in overruling this functionary, and spent some moments chatting with the newspaper boys.

King Albert, says the Omaha paper, thus taught the representative of the government of what is so often styled the world's greatest democracy a lesson. The newspaper reporter is the most direct connection, the shortest cut, from the king to the people. Albert knows this, for he was once a reporter. The United States Administration seems to have forgotten the fact. While the war was on the newspapers of both the United States and Canada patriotically submitted to a self-established censorship, in addition to which the Government supplied. They dished up daily the information sent out from the various Allied capitals and did what they could to help win the war.

That time is past, and the people want the real news and expect the papers to furnish it. The average reporter knows that headquarters is the place to get information, and goes there. King Albert came to America for his own good and that of his country, and did not try to conceal himself behind any attribute of royalty. Understappers and bureaucrats in Canada as well as in the States will do well to imitate the soldier king—Regina Leader.

Gossip is a deadly gas that is often fatal to friendship.

Minard's Liniment Co., Limited.

Gentlemen—In July, 1915, I was thrown from a road machine, injuring my hip and back badly, and was obliged to use a crutch for 14 months. In Sept., 1906, Mr. Wm. Outridge, of Larches, urged me to try MINARD'S LINIMENT, which I did with the most satisfactory result. Today I am as well as ever in my life.

Yours sincerely,
MATTHEW BAINES

If time is money there is no use in a man spending so much time trying to borrow a little cash.

How's This?

We offer \$100.00 for any case of catarrh that cures by HALL'S CATARRH MEDICINE. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. Sold by Druggists for fifty years. Price 75c. Testimonials free. Write: F. J. Cheney & Co., Toledo, Ohio.

Cairo To Jerusalem Journey From Egypt To Holy Land Greatly Simplified

Whoever has journeyed to Cairo and from there desires to go on to Jerusalem may now buy his ticket in the Cairo railway station and look out of the windows of the train at the scenery of the Plain of Sharon as he makes his trip. The rail connection has been completed by a new line from Ludd to Haifa, passing the ruins of Athlit, where the Templars long ago had their last stronghold in Palestine. The journey from Egypt to the Holy Land is greatly simplified; one need no longer land at Jaffa, nor wonder how much one's plans will be interfered with by uncertain conditions of wind and sea. More than that Jerusalem is a much less dubious place for the tourist to visit, and its points of interest may be much more conveniently inspected than they used to be. Good order is maintained; the city is under British discipline; the chance of "falling among thieves," more or less an accepted risk under the Turkish regime, need hardly be considered. One may visit the Mosque of Omar without the undesired companionship of a Turkish soldier. A good deal of regret has been heard that "Europe would never be the same again" for tourists to look at; but in some respects at least it will be much changed for the better.

A single man blames his ancestors because he is poor. But a married man blames his wife.

Returns Forty-eight Fold

H. P. Hanson, who is farming at Bentley, Alberta, reports a large yield of wheat. From 90 pounds of seed he harvested 72 bushels of grain. The seed was one of the Seager Wheeler grains—Red Bobs. It was with wheat of this strain that Mr. Wheeler won the first prizes and sweepstakes for wheat at Peoria in 1917 and at Kansas City in 1918.

GENERAL DEBILITY FOLLOWING INFLUENZA

Strength Can Only Be Regained By Enriching the Blood

Following a widespread epidemic of influenza, general debility is on the increase, and its effects may be noticed in the worn, listless appearance of so many of the men and women who meet. Influenza always leaves behind it impaired vitality, and with the modern conditions of life, that use up nerve force so rapidly, general debility becomes one of the most common maladies. The symptoms of debility vary, but weakness is always present. There is poor digestion, languor, weak, aching back, sleeplessness at night, often distressing headaches and a feeling of fatigue. These symptoms indicate impure and impoverished blood. It is significant of nearly every attack of influenza that it is followed by anaemia and debility.

For all such run-down conditions, new blood is the most reliable cure. Sufferers should at once begin to make thin blood rich and red with Dr. Williams' Pink Pills. Under a fair treatment with this medicine, they will realize more and more the health-restoring influence of good, rich blood, and how this new blood brings a feeling of new strength and increased vitality. Proof is given in the case of Mrs. G. Robertson, Wingham, Ont., who says: "When the Spanish influenza spread over our town I happened to be one of the first attacked, and the attack was a very severe one, and, worse still, the after-effects of the trouble left me in continuous misery. I had severe pains in my side, felt low-spirited, and with no ambition whatever. My head ached almost continually, my eyes felt heavy, and pimples broke out on my face. I was advised to try Dr. Williams' Pink Pills, and after taking them for a time I felt like my old self. I am able to do my housework, and feeling well and strong. I can strongly recommend Dr. Williams' Pink Pills for the serious after-effects of influenza, as I am sure they will restore all sufferers to good health."

You can get these Pills through any dealer in medicine, or by mail, post paid, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

The smaller a man's mind, the longer it takes him to make it up.

Minard's Liniment Cures Distemper.

Opening Germany's Eyes

Ludendorff and Von Tirpitz Have Let Loose Upon The Old Regime A Storm Of Condemnation

Nothing has done more to open German eyes than the publications that have been made since the armistice. Ludendorff and Von Tirpitz (though the latter's disclosures have been kept as much as possible from the German public), Von Hintze and Helfferich, Bethman-Hollweg and Von Jagow, have let loose upon the old regime a storm of condemnation. And day by day the commission now sitting in Berlin to determine responsibility for the outbreak and misconduct of the war, and for the high crimes and misdemeanors of German diplomacy, have been bringing out sensation after sensation. The cumulative effect cannot fail to be to deepen Germany's shame and humiliation. For that practical purposes, that will do about as much as repentance.—N. Y. Evening Post.

453 Languages in Africa

In an open letter to the newspapers in London, Professor H. E. Johnston urges the English-speaking public to study seriously the African languages with the idea of cultivating commerce and trade with that continent. Four hundred and fifty-three languages and dialects must be learned in order to establish relations with the natives.

The tribes of the Bantu, Kafir, Zulu, Fela, Hausa and Teda number more than one hundred million and have hitherto traded with the Germans and the Dutch.

23 THE PRO

Australia's Pride In Its Warships

Presentation By Australian Arts Club To Ward Room Of H.M.A.S. Australia

The Commonwealth is proud of its warships and particularly of its battle cruiser which saved Sydney and Melbourne from bombardment at the outbreak of war. The Australian Arts Club has shown its pride in a practical way by presenting a selection of paintings, drawings and etchings to the ward room of H.M.A.S. Australia. All the gifts were the work of members of the club, which includes some of the leading artists of the Commonwealth. In return, Commodore Dumaresq, entertained the committee of the club at luncheon on the battle cruiser, which has been stationed in Farm Cove, Sydney Harbor, since its return from the North Sea.

DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinge! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises.

Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Ask your druggist for Sloan's Liniment. 35c, 70c, \$1.40. Made in Canada.

Sloan's Liniment
Keep it handy

Prince's Tour in Motion Pictures

The Prince of Wales will at his leisure be able to see scenes in which he figured during his tour through the Dominion. He will see himself as he was seen from the crowd, for a complete moving picture record of his tour from the time of his departure from Plymouth, England, in August last to the present day has been presented by the Canadian Pacific Railway to His Royal Highness.

Duplicates of this film are being sent to England for public presentation.

"SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Sharp tongues are apt to sever friendships.

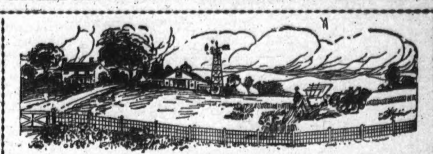

Don't Submit to Asthma.—If you suffer without hope of breaking the chains which bind you, do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. A trial will drive away all doubt as to its efficiency. The sure relief that comes will convince you more than anything that can be written. When help is so sure, why suffer? This matchless remedy is sold by dealers everywhere.

\$70 an Acre for Saskatchewan Farm

The Spring Hill farm, one of the best known in Saskatchewan, located near Regina, has been sold for \$89,600, or \$70 an acre, for the land and buildings only. This farm was secured in 1885 by Lieut. Gerald Spring-Rice and Bernard Spring-Rice, brothers of Sir Cecil Spring-Rice, British Ambassador to the United States during the war.

Always put off until tomorrow the revenge you could accomplish today.

A weak-minded man is always the most headstrong.

Production Plants On The Prairies

Farms? Yes, in popular language; but in reality, Production Plants. The Western Canada farmer of today is a business man of great importance, and his Waterman's Ideal Fountain Pen is characteristic of his progressive farming.

Its unflinching readiness to write everywhere and anywhere is an indispensable convenience—taking all the bother out of writing, saving time and enabling him to do better work. There is daily use in your "Production Plant" for a

Waterman's Ideal Fountain Pen

Record in World's Shipping

Next to America, Japan Showed the Greatest Increase

Lloyd's shipping report for 1918-19 states that at the end of June, 1919, a record amount of shipbuilding was going on throughout the world, namely, 4,800,000 tons, of which two million were building in the United Kingdom. During the year to June 30 there were 3,800,000 gross tons registered at Lloyd's, of which the United States built 1,900,000 tons, the United Kingdom 1,300,000 tons, Japan 360,000, and Canada 200,000.

Next to America, Japan showed the greatest increase in shipbuilding in war time.

HAIR SOON TOO SHORT TO DO UP

A little "Danderine" stops your hair coming out and doubles its beauty

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

In Suspense

Applicant (at western newspaper office): I am looking for a job. I can set type and write.

Editor: Good! Just take a seat.

"Have you an assistant?"

"I can't tell yet. I sent him out to see a man, and expect to hear a gun go off every minute"—Life.

BEECHAM'S PILLS

Sold everywhere in Canada. In boxes, 25c. and 50c.

Murder Charges Against Hun Officers

Firm of Jewelers in Paris Lays Charge in Paris Courts Under Versailles Treaty

Charges of murder and burglary, based on articles 227 and 230 of the Versailles peace treaty were lodged against German officers in the Paris courthouse by a firm of jewelers in the Rue de la Paix.

This firm had a branch house at Ostend when the Germans occupied the town in October, 1914. The manager of the store and his wife were shot and three safes blown up and their contents taken. The names of the officers responsible are said to be Ace and Ignace.

The under-secretary of state for military justice has been requested to apply for the extradition of the officers.

Corns cause much suffering, but Holloway's Corn Cure offers a speedy, sure, and satisfactory relief.

Restore French Railways

The Petit Parisien says that during a recent trip of Albert Clavelle, minister of public works, to the devastated regions he learned of the excellent results being made in repairs to the railway system and the roads. Thirty-three thousand kilometres of destroyed track have been almost completely restored, and of 48,000 kilometres of devastated roads 12,000 kilometres have already been repaired.

Conserve and Increase the Milk Supply

Something must be done to not only conserve the milk supply but to increase it as well. The demand for quality dairy products is greater than it has ever been before. The high cost of other food is driving the consumers attention to dairy products. The schools, dairy experiment stations, the government, and all other educational factors have been waging an effective campaign among the consumers with the result that the volume of milk is not keeping up with the increased advances. One of the things that will do more to keep cows on the farm than any other one thing under existing conditions is the milking machine. It is not an expense to invest money in equipment that will enable you to accomplish what will result in less labor.

The farmers today who are making the most money are those who have eliminated drudgery by installing silos, gasoline engines, milking machines and so forth. If drudgery were a necessity, as it was once, it would have to be accepted, but it is not necessary today. Genius has put in reach of every farmer equipment that is fast transforming farm life into the ideal life.

The B-L-K Milking Machine is one of the pieces of modern farm equipment which lifts the load of overwork and hired help from the shoulders of the farmer. Milk producers no longer have to take any chances in buying Milkers. The B-L-K Milker has a record of twenty years perfect performance and is used today on practically all of the very best farms throughout the country. It isn't because a man is a wealthy dairyman that he can afford a Milker. It is because he can't afford to spend labor milking by hand.

The B-L-K Milker is within the reach all and after you have used it, money could not buy it from you if it meant going back to hand-milking.

By installing a B-L-K, you can make more money out of your cows in the saving of time and labor and in the averaged increase in production, and the uniform method of milking.

H. W. LOVE, Agent

TO CARE FOR WOUNDED

Money From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France faced perils other than those of shell and gas and machine-gun fire. There was the peril of tuberculosis. Up to August 3, 1918, soldiers suffering from this disease had been returned to Canada. These were placed in sanatoriums under the direction of the department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that must be maintained, and come under the head of capital war outlay. All of these men and some 20,000 others disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money is forthcoming.

Credits Must Be Established for Sale of Surplus Products.

Success of Victory Loan 1919 Will Insure Steady Markets for Farmers.

It takes some six bushels of wheat to feed the average person in Canada annually. Roughly, therefore, the eight million people here consume about 50,000,000 bushels each year. But even in a poor year the crop is some five times that amount, and the surplus must be sold if the farmers are to get a return for their time and labor. But the sale of the crop must be financed. Great Britain, which provides our greatest market, has not the ready cash; and so Canada must find means of raising the money. Hence the Victory Loan 1919. In view of the fact that the prosperity of the Dominion is dependent on a considerable extent upon the sale of her surplus grain the necessity of the money being forthcoming is patent.

Your dollar may be the last straw that sweeps the Victory Loan over the top. Would you take the chance of making it a failure?

Lend your money that your pay envelope may be always filled, as will allow the success of the Victory Loan.

Victory Bonds are the fodder that feeds the machinery of Canada's industrial world running at full speed.

VIKING

Mrs. G. Dickson and son Ian, have sold their farm to the Day Bros. and have moved to Winnipeg for the winter.

Wm. Taylor of Snittlegarth farm intend visiting for some months the Old Country as soon as he can get the permits.

A meeting of the Curling Club was held on Monday evening Nov. 10th at Kelly's office. The minutes of last annual meeting held Dec. 6th were read and confirmed, also financial statement showing a balance on hand of \$77.50.

The election of officers resulted as follows: President, A. O. Olsen, Vice-president, Angus Ross, Sec'y, Treas. W. McAthey.

Executive and ice committee, F. Venner, A. A. Long and J. Slavik. The fee for curlers with rocks was set at \$10, and those without rocks, \$12.

Rev. Wheeler was appointed chaplain of the club. The secretary was instructed to write the Edmonton curling club to find out if four pairs of rocks can be procured and at what figure. It was decided to allow the boys to curl and the fee for them set at \$6.00.

It was decided to go ahead and build the additional sheet of ice by volunteer help, and hired help if necessary.

Hilliker Bros. celebrated the second annual opening of the Ladies Emporium department last Thursday, which covers the entire second floor of their department store. Mr. Green of Edmonton, the expert coffee maker of the Chase & Sanborn Co., was present and with a percolator with peculiar features that had a trickle all its own, brewed coffee that had that "taste like more" flavor. A bevy of beautiful girls were kept busy all day serving cakes and coffee to all who availed themselves of the invitation to partake of the good things. The establishment of the Ladies Emporium was an experiment two years ago, and was probably looked upon as a rather hazardous undertaking, but it has proven a success, due, no doubt, largely to the service rendered and the need of an exclusive ladies' department where goods may be seen and purchased of as good a quality and selection as in the city stores.

J. H. Gilpin, a rancher in the Bruce district was fined \$25.00 and costs in justice court before His Honor Justice of the Peace H. B. Collier, Monday afternoon, on a charge laid under the Ordinance of Municipal District No. 455 which prohibits animals running at large. Great interest was taken in the case the court room being filled with farmers and others. As we understand it, the accused is only a temporary resident of the district and brought in a large number of cattle from the south country last year. These it is alleged have run at large contrary to the by-law.

At a meeting of the rink patrons and supporters last Friday it was decided to build the skating rink as soon as the weather moderates and leave the curling rink until next year. The curlers will use the old rink and possibly add another sheet of ice. Considerable interest is being taken in the curling game and the curling committee are having no difficulty in getting plenty of rock heavers and sweepers.

The eastbound passenger train had to go around by Camrose last Friday morning on account of a freight train being wrecked near Unens station, a few miles out of Edmonton, and did not reach here until 5.30 in the afternoon. The wreck was caused, the report stated, on account of a broken coupling. Messrs. Gilbert, Ole and Tom Sorenson had three cars of cattle in the freight but they were up near the engine and were not damaged as the train broke in the middle. Gilbert was considerably shaken up while riding in the caroose that gave a sudden lurch and pitched him headlong against the door.

ONLY \$2.50 EVERYWHERE IN NORTH AMERICA

Thirty-five volumes of the best reading—in weekly installments—for less than five cents a week. That is just what The Youth's Companion offer for 1920 really means. The contents of the new volume, which will include 8 serial stories, over 200 short stories, fifty or more articles by men of distinction, sketches and special departments, would make 35 good volumes (at \$1.65 each) if published in book form. And there is now a uniform flat price of \$2.50 to all subscribers in Canada and the United States.

If you subscribe as soon as you see this notice you will receive all the extras mentioned in the following offer, including many of Capt. Theodore Robert's Up-river Folk Stories.

New subscribers for 1920 will receive:

1. The Youth's Companion—52 issues in 1920.
2. All remaining weekly 1919 issues.
3. The Companion Home Calendar for 1920.

All the above only \$2.50 everywhere in North America.

Economy: IN FARM BUILDINGS

TO GET THE LEAST WALL AREA—TO SAVE BUILDING MATERIAL—TO SAVE IN COST OF CONSTRUCTION—TO REDUCE HEAT LOST THRU WALLS

Are all considerations of Economy

Sometimes too little money is invested in farm buildings, in which case undue labor is required in taking care of the stock. Work is often done at a great disadvantage, to save a few dollars when the buildings are being constructed.

Plank Frame Barns—using nothing heavier than 2 inch plank—cost less to build and are becoming very popular. The principal reasons for this are, that his method saves in cost of lumber and provides for more storage room in the hay loft.

**What is a
double acting
baking powder?**

A double-acting baking powder is one that starts its action in the mixing bowl and finishes it in the oven.

Ordinary baking powders develop their full strength in the mixing bowl and you have to hurry your cakes into the oven. Then, you are always afraid that the oven is not just hot enough, or that a door will slam or something else happen to cause the cakes to fall.

You don't have to hurry or worry when Egg-O Baking Powder is used. Egg-O rises only partly in the bowl. You may let the dough stand 15 or 20 minutes or longer—doing so will give better results. When put into the oven, Egg-O continues its action—this second action being so steady and strong that a cake is not likely to fall even if it does get an unexpected jar.

**EGG-O
Baking Powder**

is double-acting and just what is needed to make a light baking with the heavy Government Standard flour.

Egg-O Baking Powder Co., Limited, Hamilton, Canada

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—“For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and I immediately bought two bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness were a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound.” Mrs. Jas. Roumagine, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or “the blues,” should accept Mrs. Roubert's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complaints write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Co-operation in Politics Predicted

The following article is an interesting prediction as to the solution of the political situation, by an independent, but close student of political matters.

The result of the Ontario elections held recently have aroused Dominion-wide interest. Much conjecture prevails as to the ultimate outcome of the groups of parties elected which will necessitate a re-alignment politically before a stable Government can be formed.

The success of the Farmers' party, whereby they secured the largest group numerically, at once puts that party in a leading position and entails upon its members important responsibilities of government. There should be no valid reason why that party should not call to its aid support from other groups, and organize a Government to carry on the affairs of the Province. There is no great gulf, for instance, between the views of the average Farmer member for a mixed rural and small town constituency, and the Liberal member for a similarly comprised riding. The Provincial Legislature is a magnified county council, and, aside from extreme or faddist members, sufficient unity to carry on a stable progressive Government should not be difficult to secure.

One feature, however, that may tend to prevent getting together on the part of the Liberal and Farmer members was the attitude assumed during the contest by Hartley Dewar, K.C., the Liberal leader. There was no justification for his attacks on the Farmer candidates. They had every right to run. They practically and in principle represented Liberal and democratic viewpoints, and the results at the polls indicated that the people upheld their entrance into the political field. In these circumstances it was folly to divide the Liberal groups and to create division as between them.

Following the Ontario results, and of more particular interest in the West, is the result of the Federal by-election in Assiniboia constituency, where Hon. W. R. Motherwell was overwhelmingly defeated by O. R. Gould, the Grain Growers' candidate. These contests should serve as a warning to those sincerely in favor of a policy of reform and fair taxation, low tariff and progressive government, of the lack of wisdom displayed in dividing the forces of those who are united in main principles.

In Assiniboia, Mr. Gould has for years been an active supporter of the same principles and policies as those contended for and upheld by Mr. Motherwell. During the past ten years Mr. Gould supported and actively campaigned in behalf of the Provincial Government of Saskatchewan, of which Mr. Motherwell was a member. In 1911, Mr. Gould was an ardent supporter of Reciprocity, of which, also, Mr. Motherwell was a foremost exponent. For these reasons alone Mr. Motherwell's action in opposing him was not justified, but even had Mr. Gould been previously a Conservative, and had changed his views to conform to Liberal sentiments, the defeated candidate would still have been wrong in contesting the seat in view of the strong public sentiment which existed favoring the Grain Growers' policy and political movement.

The strength and showing of the United Farmers' movement in the East came as a surprise to all. In the Prairie Provinces the party is now thoroughly organized, and has had greater experience in political affairs, and bids fair to make every bit as great, if not a greater, showing than in the East. In these circumstances, therefore, what folly it is to divide the forces in the West largely because a very small minority of old-time Liberals will not, for purely partisan reasons, co-operate with the really Liberal Grain Growers' party. There are small groups of these old-time partisans in the East and West, who, largely for personal reasons, and principally because they cannot control and direct the new forces, refuse to co-operate. The rank and file Liberals, farmers or otherwise, should not tolerate this dictation or allow candidates to be foisted upon them because of these few malcontents.

The overwhelming mass of Liberals and Farmers in the West set eye to eye on main principles. Their forces should not be divided. Co-operation and harmony in political action is plain common sense if results are to be achieved. The Prairie Province Provincial Governments and the great majority of the members of the Legislatures realize the facts and heartily approve of united action. They realize that in three-concentric contests the reactionary forces may win out, since division of Liberal support ensures domination by the interests of Privilege.

The platform and aims advocated by the farmers are essentially Liberal. The majority of the better class and intelligent farmers of Canada are Liberal in their views. At present the farmers', or Grain Growers', wing of Liberalism is in the ascendant, and should receive the undivided support of sane Liberals. Since that element of Liberalism is in the majority, they have the right to assume a certain measure of control and leadership. But they are fair and reasonable and desire co-operation and support. There should, therefore, be no division, and the personal views of the few Liberal reactionaries should be disregarded. Adherence to a common-sense course of united action in the selection of well qualified candidates would ensure triumph for progressive principles at the next Federal general election.

Civilians Buying Aeroplanes
In the last three months more than 500 persons in the United States have either purchased or ordered airplanes and were the manufacturers able to deliver planes more than 500 more orders would be booked. Henry Woodhouse, vice-president of the Aerial League of America, says that it is unfortunate for the aeronautic movement that the makers cannot fill their orders. He gives it as his belief that more than 2,000 machines for pleasure could be sold immediately.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and there is nothing better for driving worms from the system.

Crabs may not be so palatable as lobsters but they will do in a pinch.

The C. H. Catell Co. Ltd.
MONTREAL, Quebec

In 1917 the estimated capital invested in Canada in the fisheries amounted to \$2,729,000, of which \$10,098,000 were invested in boats and vessels. There were 95,304 persons employed in the fishing industry.

On Sale Everywhere—There may be country merchants who do not keep Dr. Thomas' Eclectic Oil, though they are few and far between, and these may suggest that some other oil is just as good. There is nothing so good as a liniment or as an internal medicine in certain cases. Take no other. The demand for it shows that it is the only popular oil.

Oysters are such nervous creatures that a sudden shock, such as a loud thunderclap, will kill many hundreds of them.

Soothes Irritable Throat Quickly Cures Bronchitis

No Drugs to Take. No Sickening Stomach Medicine to Use

Just Breathe "Catarrhozone"

Count ten—a bad cold is relieved by Catarrhozone—wait one minute and you will feel its soothing influence on a sore irritated throat. No failure with Catarrhozone—it cures because you breathe a healing vapor to the very spot that needs help.

The big thing to remember about Catarrhozone is this—you just breathe a healing piney vapor that is full of the purest balsams, that is rich in the greatest healing agents known to science.

This wonderful vapor dispels all soreness, kills all germs, gives nature a chance to complete a real cure. Colds and throat troubles can't last if the pure healing vapor of Catarrhozone is breathed. Catarrh will disappear, bronchial attacks will cease, coughs and winter ill will become a thing of the past. Complete outfit lasts two months, price \$1.00, smaller size 50c; sample size 25c, all dealers, or The Catarrhozone Co., Kingston, Ont., Canada.

Sharp Practices

New Way of Selling Old Furniture in Paris

Second-hand furniture dealers in Paris have thought of a profitable scheme to sell their stocks to great advantage. A flat is rented in the aristocratic quarter of the city and filled with the finer pieces of furniture. An advertisement is inserted in the dailies that an elderly woman, widowed by the war, will sacrifice her furniture in order to get enough money to return to the country of her birth.

A buyer visits the flat, the woman shows a bookcase, the price is agreed upon, but when the doors are opened a row of old school books is disclosed. The widow bursts into tears and explains that the books belonged to her son who left his studies to take up arms and was killed two months after he had left home. The prospective buyer consoles her, and to help her forget her grief pays her double the price asked.

Bombers Lost On Way To Egypt

Seven Handley Page Machines Are Disabled on New Air Route

In the British House of Commons Right Hon. J. B. E. Seely, under secretary of state for air, declared, regarding the recent allegations that there had been a serious number of fatalities on the new air route to Egypt, that in the spring and early summer there had been an urgent demand from Egypt for airplanes of large size and endurance to cope with the critical situation there.

Owing to this urgency machines had been sent by air instead of by sea. Fifty-one Handley-Page airplanes were sent, of which 26 arrived safely. Seven were at various points on the route disabled, and fifteen had been given up as wrecked. One machine had crashed down badly and four lives were lost. There were three other bad accidents involving four fatal and three non-fatal injuries. At the request of the chief of the air staff, a special outside commission has been appointed to enquire into the matter.

The minister emphasized the fact that the choosing of this route had nothing to do with civilization, and again urged that at the time the situation in Egypt had been critical.

Getting Posted

Lord Nocoyn—"I say, old dear, what is the usual procedure in catching an American heiress?" Reggie—"It's very simple, old chap. You tell the girl how much you love her, and her father how much you owe."—Boston Transcript.

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds—one day is cold, the next is wet and cold, and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are the best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent colds, or if it does come on suddenly the prompt use of the Tablets will surely relieve it. The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Building Activity Continues

Number of Buildings Being Erected Keeping the Trade Busy

Building activity continues very brisk in the cities of Western Canada. Scarcely a day passes without the announcement of some new permits being granted. These are mostly for residences, warehouses and office buildings. Although there are no very large undertakings, the number of small buildings being erected is keeping the trade busy. In Regina permits were granted in one day for the erection of a building for a bank and another for a warehouse. The estimated cost of these two buildings is about \$90,000. In Winnipeg on the same day permits aggregating the same value were issued. As already mentioned, these enterprises are not very large, but the regularity with which similar work has been undertaken throughout the year has tended to keep the trade active.

A Gloomy Outlook

"I suppose now your husband will be home sooner of nights?" "I don't know. The allowing prescriptions of liquor for illness will make him want to sit up with sick friends more than ever."

When you investigate a gruesome tale you will usually find that it grew some since it started.

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct those unhealthy conditions on the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attested their power in hundreds of cases and at all times are thoroughly trustworthy.

The Eskimos living within the limits of Canada number 3,296, of whom 1,087 live in Baffin Land, the large Arctic Island north of Hudson Bay and separated from Greenland by Baffin Bay. On the mainland there are 2,209, principally in the territory adjacent to Hudson Bay.

Minard's Liniment Cures Diphtheria

Shipments of Lumber From B.C. More than 12,000,000 feet of lumber for the British order of 70,500,000 feet of British Columbia lumber is now en route to England. The representatives of British government hopes to have 40,000,000 feet on the way over by the end of the year.

International Hay And Grain Exhibit

Saskatchewan Farmers to Try for Honors at the Chicago Show

Visitors to the International Hay and Grain Exhibition to be held at Chicago in connection with the International Stock Show, November 29 to December 6, will have an opportunity of seeing some of the fine grain and other crops that are produced in Saskatchewan. The farmers in this province are arranging to send samples of wheat, oats, barley, rye and various grasses and vegetables. At the International Soil Products Exposition at Kansas City, Mo., this year Saskatchewan farmers won the sweepstakes both for wheat and oats, as well as many first and other prizes. They feel confident that they will be able to repeat these triumphs at Chicago next month.

No man would want his wife to act as do some women to whom he makes eyes.

Revive the Jaded Condition—When energy flags and the cares of business become irksome, when the whole system is out of sorts and there is general depression, try Farnelle's Vegetable Pills. They will regulate the action of a deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer a day from debilitated digestion when so simple and effective a pill can be got at any drug store.

The man who has money to burn seldom uses any to enlighten the world.

Minard's Liniment Cures Colds, &c.

A New Code

First Barber—That was a bad cut you gave that old man while shaving him.

Second Barber—Oh, there's a reason for it, I'm courting his maid, and that cut will let her know that I can meet her this evening.—Dallas News.

"There's a Reason"

Does It Hurt You To Bend Over?

This is a Sign of Kidney Weakness, But Can Be Quickly Cured

Don't give up! You can be cured and made well again. That backache and dragging weariness can be stopped for all time. Those sharp attacks when bending over, and that lameness in the morning can also be overcome. Every ache and pain due to kidney weakness will disappear quickly once you start to use Dr. Hamilton's Pills, a marvellous remedy long ago made famous by its strange healing effect upon the kidneys and liver. Don't wait till that dragging pain in the loins grows worse. Start the cure today. Delay will mean swelled ankles and limbs, sharp rheumatic pains in the muscles and joints, and other painful symptoms as well. If you are always tired, have continuous headache, dizzy spells and aches before your eyes or ringing noises in the ears—these are common symptoms that warn you of the immediate need of Dr. Hamilton's Pills of Mandrake and Butternut. Sold in 25c boxes.

THE COW PUNCHER

—BY—
ROBERT J. C. STEAD

Copyrighted, Canada, 1918, By The Mussion Book Co., Ltd., Toronto. Printed By Special Arrangement.

(Continued.)
"I heard him cry 'Oh, Daddy, Daddy,' above the screech of the brakes," she continued, in a dry voice.
"Sorrow is a strange thing," she went on, after a pause, "I don't pretend to understand, but it seems to have its place in life. I fancy this world soon be a pretty degenerate world if there were no sorrow in it. I have been told that sometimes fruit trees refuse to bear until they have met with adversity. Then the gardener boras a hole in them, or something like that, and, behold, next season they bear. Sounds silly, but they say it's a fact. I guess it's natural law. Well—" she paused again, and when she spoke it was in a lower, more confidential note.
"I shouldn't tell you this, Dave. I shouldn't know it myself. But before that things hadn't been, well, just as good as they might in our home. They've been different since."

Miss Flora Boyko Tells How Cuticura Healed Her Pimples

"My face was very itchy at first, and after that it was covered with pimples that disfigured it badly. The pimples were hard and red and they were small, but they itched so much that I scratched all over my face and were so itchy I had to scratch and I could not sleep.
"These bothered me nearly a year before I used Cuticura Soap and Ointment and when I had used five boxes of Cuticura Soap and five boxes of Cuticura Ointment I was healed."
(Signed) Miss Flora M. Boyko, Gardenton, Man., Dec. 26, 1916.

Having obtained a clear healthy skin by the use of Cuticura, keep it clear by using the Soap for all toilet purposes, assisted by touches of Ointment as needed. Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations. Splendid after bathing.

For free sample each of Cuticura Soap, Ointment and Talcum, address postcard: "Cuticura, Dept. A, Boston, U. S. A." to the printer.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin in the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic acid of ethylacetic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

The shock of her words brought him upright. To him it seemed that Mr. and Mrs. Duncan were an ideal father and mother. It was impossible to associate them with a home where things "hadn't been just as good as they might." But her half confession left no room for remark.

"Mother told me," she went on, after a long silence, and without looking at him. "A few years ago, 'if someone had only told me, when I was your age,' she said."

"Why do you tell me this?" he suddenly demanded.
"Did you ever feel that you just had to tell someone?"
It was his turn to pause. "Yes," he confessed at length.

"Then tell me."
So he led her down through the tragedy of his youth and the lonely rudderless course of his boyhood. She followed sympathetically to the day when Dr. Hardy and his daughter Irene became guests at the Elden ranch, and then her interest manifested something deeper than sympathy. But he had become engrossed in his narrative.

The September day had drawn to a close, and the dusk was thick about them, ere he reached the end. But before the end he stopped. Should he tell her all? Why not? She had opened her life to him. So he told her of that last evening with Irene, and the compact under the trees and the moon. Her hand had fallen into his as they talked, but here he felt it slowly withdrawn. But he was fired with the flame of love which had sprung up in the breath of his reminiscence. . . . And Edith was his friend and his chum.

"And you have been true?" she said, but her voice was distant and strained.
"Yes."
"And you are waiting for her?"
"Yes, I am waiting. . . . It must be so."
"It is cold," she said. "Let us go home."

CHAPTER TEN.

Whatever the effect of this conversation had been upon Edith, she concealed it carefully, and Dave counted it one of the fortunate events of his life. It had sealed to him a new friendship, a confidence to support him in days of stress. He had been working under the spur of his passion for Irene, but now this was to be supplemented by the friendship of Edith. That it was more than friendship on her part did not occur to him at all, but he knew she was interested in him, and he was doubly determined that he would justify her interest and confidence. He threw himself into the columns of The Call with greater vigor than ever.

But just at this time another incident occurred which was to turn the flood of his life into strange channels. Dave had been promoted to the distinction of a private office—a little six-by-six "box stall," as the sports editor described it—but none the less a distinction shared only with the managing editor and Bert Morrison, compiler of the woman's page. Her name was Roberta, but she was masculine to the tips, and everybody called her Bert. The remainder of the staff occupied a big, dingy room, with walls pasted with specimen headings, comic cartoons, and four pictures, and floor carpeted deeply with exchanges. Dave, however, had established some sort of order in his den, and had installed at his own cost a spring lock to prevent depredations upon his paste pot or sudden raids upon his select file of type copy.

Into this sanctuary one afternoon in October came Conward. It was such an afternoon as to set every office worker at war with the gods; the glories of the football October

"I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

are known only in the foothill country, and Dave, married though he was to his work, felt the call of the sunshine and the open spaces. This was a time for fallen leaves and brown grass and splashes of color everywhere—nature's autumn colors, bright, glorious, unadorned. Only Dave knew how his blood leaped to that suggestion. But the world must go on.

Conward's habitual cigarette hung from its accustomed short tooth, and his round, florid face seemed puffier than usual. His aversion to any exercise more vigorous than offered by a billiard cue was beginning to reflect itself in a premature rotundity of figure. But his soft, sedulous voice had not lost the note of friendly confidence which had attracted Dave, perhaps against his better judgment, on the night of their first meeting.

"Lo, Dave," he said. "Alone?"
"Almost," said Dave, without looking up from his typewriter. Then, turning, he kicked the door shut with his heel and said, "Shoot."

"This strenuous life is spoiling your good manners, Dave, my boy," said Conward, lazily exhaling a thin cloud of smoke. "If work made a man rich you'd die a millionaire. But it isn't work that makes men rich. Ever think of that?"

"If a man does not become rich by work, he has no right to become rich at all," Dave retorted.

"What do you mean by that word 'right'?" Dave defined it.

"Haven't time. We go to press at four."
"That's the trouble with fellows like you," Conward continued. "You haven't time. You stick too close to your jobs. You never see the better chances lying all around. Now suppose you let them go to press with you today, and you listen to me for a while."

Dave was about to throw him out when a gust of yearning for the open spaces swept over him again. It was true enough. He was giving his whole life to his paper. Promotion was slow, and there was no prospect of a really big position at any time. He remembered Mr. Duncan's remarks about newspaper training being the best preparation for something else. With a sudden decision he closed his desk. "Shoot," he said, again, but this time with less impatience.

"That's better," said Conward. "Have you ever thought of the future of this town?"
"Well, I can't say that I have. I've been busy with its present."

"That's what I supposed. You've been too busy with the details of your little job to give attention to bigger things. Now, let me pass you a few pieces of information—things you must know, but you have never put them together before. What are the natural elements which make a country or city a desirable place to live? I'll tell you. Climate, transportation, good water, variety of landscape, opportunity of independence. Given these conditions, everything else can be added. Now, our climate—of course it is understood in the South and East, but misunderstanding doesn't ruffle it. You and I know

what it is. This is a white man's climate. Follow our latitude into Europe if you want to find the seats of power and success. London and Berlin are north of us; Paris very little south."

"Where did you get this stuff?" Dave interjected. "Sounds like the prelude of an address before a boomers' club."

(To Be Continued.)

Plotters Were Foiled

Pretentious Plot of Bolshevists Ends In a Fizzle

Bolshevik plans for the seizure of Whitehall and of Westminster were laid early during the present year, it has just been disclosed. A number of extremists, most of whom are still engaged in Bolshevik propaganda in England, and in the United States, met and discussed the plans for this pretentious undertaking, which they hoped would be carried out by a so-called sailors' and soldiers' union.

One of the plotters since has been sent to prison, where he is still serving a sentence for having made revolutionary speeches. The plot came to naught because of lack of support and the watchfulness of the authorities.

Full of Wind

Sercretham—He was a wise poet who remarked that in this world a man must either be an anvil or a hammer.

Peacem—Oh, I don't know! It seems to me that most of them are merely bellows.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut out trim at these painful pests, which merely makes the corn grow hard. This suicidal habit may cause lockjaw, and women are warned to stop it.

A few drops of a drug called freeze-on applied directly upon a sore corn quickly relieves and cures the entire corn, root and all, lifts out without pain. Ask the drug store man for a quartet of an ounce of freeze-on, which costs very little, but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

Love's young dream is all right until the matrimonial alarm clock goes off and causes a rude awakening.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and nervous. But how can women be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder, then, that they become irritable and nervous, have hot flashes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

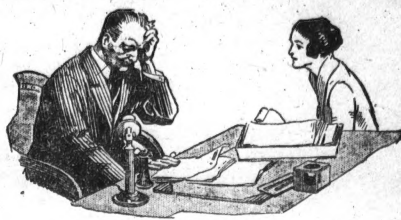

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Last year the Indians had under crop 82,421 acres of land, an increase of 11,737 acres over the area cropped in 1913. Last year the value of the Indians' farm products, including hay, amounted to \$2,934,149.

Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel lousy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down, a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid as hot tea dissolves sugar.

CROWN BRAND CORN SYRUP

The Syrup for Pancakes

A golden stream of Crown Brand Corn Syrup is the most delicious touch you can give to Pancakes!

In the Kitchen, there is a constant call for Crown Brand Corn Syrup for making puddings, candies, cakes, etc.

Sad the day when you are too big to enjoy a slice of bread spread thick with Crown Brand!

Could that day ever come?

Ward it off! Grace your table daily with a generous jug of Crown Brand Corn Syrup, ready for the dozen desserts and dishes it will truly "crown".

Sold by Grocers everywhere—in 2, 5, 10, and 20 pound tins.

The Canada Starch Co. Limited Montreal

A Precarious Playground

Mrs. X. (returning home)—Mercy! However did the child get that awful bump?

Green Girl—You told me to let him play on the piano and he fell off.

SMITH GOT WISE

A sore corn, he said was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Painless Corn Extractor, and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extractor, 25c at all dealers.

Utilizing Garbage

On behalf of the Saskatchewan Oakole Company, an offer has been submitted to the city council of Regina, the capital of the province, for the manufacture of garbage into fuel briquettes. The company wants the city to deliver garbage for a period of five years, and asks for the use of the city transfer station at an annual rental and electrical power free. They propose to begin the erection of a building valued at \$35,000 or \$40,000, and will give the city an option to purchase the plant on a basis of an earning capacity of eight per cent.

Over a thousand years ago the famous mosque of St. Sophia, in Constantinople, was built with mortar mixed with musk, and the odor of the latter still exists.

FOGGY?

If Bilious, Constipated or Headachy take "Cascarets."

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison, which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.

Calgary Winter Livestock Show

The Calgary winter livestock show, held last week, was very successful. A great number of fine cattle, sheep and swine were on show, and afterwards sold at satisfactory prices. The total proceeds of the sale amounted to \$23,000. The cattle, which included a number of Holstein grades, brought an average price of \$146 a head. The sheep were sold at an average price of \$18 a head. The sale was held in the new Westcott pavilion, which was erected this summer, and which is one of the finest of its kind in the country.

Make Your Dreams Come True

Fond parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight, planning and money

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year?

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy

Buy Victory Bonds For Your Children

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

CANADA'S FUTURE
DEPENDS ON LOANSteady Employment and Prosperity
Hangs on Victory Loan.

Canada's future prosperity depends to a great extent upon the success of the Victory Loan. No country can prosper upon trade within its own boundaries. Canada counts on the trade with Great Britain and other allied countries to keep the flood of good times in the country.

The surplus products of the farm and the factory find their way across the seas. The revenue of the farmer and the manufacturer is dependent on this trade relationship being sustained. The employment of many hands depends on the orders that come to the firm. The pay envelope only comes with steady employment.

Great Britain and overseas countries are still desirous of continuing trade relations, but, overwhelmed with war expenses, they must be given credits for the time being. The farmer and the manufacturer must be paid for their products and manufactured articles in cash. Therefore, Canada must finance the proposition to keep the tide of commerce coming this way. But in order to have the money on hand to do this great thing, Canada must borrow from her people.

The Victory Loan offers bonds to subscribers paying 5 1/2 per cent. interest. The guarantee behind the bonds makes them an absolutely safe investment. Victory Bonds are accepted as collateral at any bank, and can easily be turned into money at a profit. It is then to the interests of every Canadian to subscribe for all the Victory Bonds he can, for it is profitable, it is patriotic, and it is necessary for the continued prosperity of the country.

CANADA NEEDS MONEY

War Expenditures Still to Be Met
From Proceeds of Victory Loan.

The war is over and won; but Canada's main expenditures for war will not be complete until well on into 1920. The \$510,000,000 raised last year has all been spent, \$400,000,000 having been largely devoted to soldiers—to maintaining them, bringing them home, providing the necessary medical services, training them. Most of the balance of the loan was lent to Great Britain to enable her to buy our surplus products. And money is still necessary—for soldiers, for providing markets, for our surplus products, for the needs of reconstruction. And that is why another Victory Loan is necessary. Canada still needs money, and needs it badly.

A Good Investment.

Speculation is one thing. Investment is another. The majority of citizens want an investment, not a speculation. And they want a safe investment. Victory Bonds fill that requirement as does no other investment. Because behind every bond there is the national wealth of Canada—a wealth so great that it staggers the imagination.

Canadian Bank Clearings.

That Canada is well able to support the Victory Loan is clearly shown by the Canadian bank clearings for the current year. They indicate that the year's total will exceed \$15,000,000,000 compared with \$13,776,000,000 in 1918. And the year's total clearings should be three times those of 1919.

Must Subscribe More

Dividing the people of Canada into three classes—the comparatively poor, the moderately wealthy, and the very wealthy—it would seem that if contributions to the Victory Loans constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1918, two hundred and seventy-one million dollars were in bonds of \$5,000 and under, ninety-four millions in bonds of between \$5,000 and \$25,000, and three hundred and one millions in bonds of \$25,000 and over.

Be true to yourself. Buy Victory Bonds.

You did it before. You can do it again. Buy Victory Bonds.

Canada pledged her last man and her last dollar. Redeem that pledge in Victory Bonds.

If the fighting were still raging, you wouldn't hesitate to buy Victory Bonds.

To make the Victory Loan a success is a national obligation. It may be that you are the deciding factor.

If you are concerned about the future welfare of Canada, buy a Victory Bond and make it a sure thing.

Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier \$50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

If you appreciate a good investment you will buy a Victory Bond.

You decide no one but yourself when you say you can't afford a Victory Bond.

WINTER TRAFFIC
WILL BE HEAVY

WINNIPEG, Oct. 31—The past few days of cold weather have resulted in an unprecedented large number of enquiries from throughout the entire prairie provinces, for tickets, sleeping car, and boat reservations being received by Grand Trunk Pacific Railway agents, from business men farmers and others who yearly are taking more advantage of the opportunity of spending the winter months either on the North Pacific Coast or in California. Mr. F. J. Pickett, Passenger Agent of the Admiral Line, whose boats ply between Victoria, Seattle and California ports, who was in the city yesterday, also confirms the above, stating that their line has never had as many applications for reservations and that the majority of these were apparently coming from the country districts, indicating further that the prairie farmers are seeking milder climes during the winter season and have the money to pay for the travel comfort and enjoyment that may be derived on these up-to-date transportation companies.

The Prince Rupert route, combining as it does a rail trip through the most scenic part of the Canadian Rockies plus a 700 mile ocean voyage through sheltered waters without additional cost to the passenger, strongly appeals to the winter traveller who desires to secure the best at a minimum of expense. The advertising done by the North Coast Tourist Association in

drawing attention to the advantages of the States of Oregon and Washington and the Province of British Columbia, particularly from a climatic standpoint at this season of the year, has also resulted in directing attention of many to that section of our country. In addition thereto, traffic to the Old Country is restricted, and as people will travel, every opportunity is thus afforded to see something new.

Glasses
